

# Supported locations for distribution to Google Play users

Using the tables below, you can find app availability information, along with supported currency and price range information for Google Play users.

## Table legend

### Download free apps

- ✓ - Users in these locations may download free apps on Google Play.
- ✗ - Users in these locations may not download free apps on Google Play.

### Make Google Play purchases

- ✓ - Users in these locations may download paid apps, make in-app purchases, or buy subscriptions on Google Play.
- ✗ - Users in these locations may not download paid apps. Attempts to make in-app purchases on Google Play will fail. Subscriptions are not available in these locations.

### Buyer currency and price range

**Note:** Listed price ranges apply to paid apps, in-app products, and subscriptions

★ - Users who sign up for subscriptions in these locations will see prices in USD or EUR on Google Play, and the transaction will take place in the currency shown. Users who purchase apps or in-app products will see prices in the developer's default currency.

☆ - Users in these locations may not download paid apps, make in-app purchases, or buy subscriptions on Google Play.

**Commercial Role between Google and You.** You appoint Google LLC as Your agent to make Your Products available in Google Play to users in the following countries. By virtue of Google acting as agent, You acknowledge that the purchase and sale of Your Product(s) is governed by a contract of sale directly between You and users. You acknowledge that users may also be subject to other terms and conditions as determined by Google.

[1] The “Rest of the world” category consists of the locations listed on the [Rest of world](#) Help Center page; by enabling distribution to Rest of the world, you automatically include all of these locations.

[2] Includes Puerto Rico.

[3] By enabling distribution to the United States, you automatically include the following locations: American Samoa, Guam, Marshall Islands, Northern Mariana Islands, Palau, and US Virgin Islands.

[4] As part of Google's compliance efforts, purchases of paid apps are currently blocked in

Belarus.

<sup>[5]</sup> As of December 28, 2022, a conversion rate of 7.53450 HRK per 1 EUR applies in Croatia.

<sup>[6]</sup> By enabling distribution to Denmark, you automatically include the following locations: Greenland and Faroe Islands

<sup>[7]</sup> By enabling distribution to Finland, you automatically include the following locations: Åland Islands

<sup>[8]</sup> By enabling distribution to France, you automatically include the following locations: French Guiana, French Polynesia, Guadeloupe, Martinique, Mayotte, New Caledonia, Réunion, Saint Barthélemy, Saint Martin, Saint Pierre and Miquelon, Wallis and Futuna

<sup>[9]</sup> By enabling distribution to Norway, you automatically include the following locations: Svalbard and Jan Mayen

<sup>[10]</sup> Due to international sanctions against the Crimea region, so-called Donetsk People's Republic (DNR), and Luhansk People's Republic (LNR) regions, the availability of paid products listed above for Russia and Ukraine does not apply to the Crimea, DNR, and LNR regions.

<sup>[11]</sup> Due to payment system disruption, we are pausing Google Play's billing system for users in Russia. Visit [this page](#) for more information.

<sup>[12]</sup> By enabling distribution to Spain, you automatically include the following locations: Ceuta, Melilla, Las Palmas, Santa Cruz de Tenerife
